

Measurements for Materials Systems (MMS)

MMS13 – Assessment and Criticality of Defects and Damage in Materials Systems
MMS15 – Interactive Knowledge Base (IKB) on NDE and Design of Composites

6th (Final) Industrial Advisory Group Meeting
Thursday 24th February 2005
Globe Room, Bushy House, NPL

AGENDA

- 10.00 Coffee
- 10.30 Welcome and introduction
- Introductions
 - Review of minutes from 5th IAG meeting
- 10:45 Project Progress
- MMS13 – *Mike Gower, Richard Lee, Simon Frost*
 - MMS15 – *Martin Wall, Gordon Bishop*
- 13:00 Lunch
- 14:00 Performance Programme (2004-2007)
- Project B3: A Tool to Predict Lifetime for Composites Subjected to Environmental/Fatigue Damage – *Nick McCormick*
 - Project F4: Accelerated Ageing Protocol for Service of Polymer Materials in Hostile Conditions – *Graham Sims*
 - Project F12: Development of Test Methods for Determining the Criticality of Defects in Composite Material Systems Under Long-Term Loading – *Mike Gower*
- 15:00 ACLAIM – Advanced Composites Life Assessment and Integrity Management (March 2005 – February 2008, Simon Frost, Richard Lee, Mike Gower)
- 15:30 Discussion
- 15:45 AOB
- 15:50 Closure of meeting
